I can't come to the campus, but I would like to use the Mensa offerings. Is that possible?

The Studentenwerk plans the introduction of a delivery service for Mensa meals. For this purpose, a web shop with ordering and payment function will be programmed, where you can order your food daily until 10.00 a.m. The food will be delivered between 11.00 am and 2.00 pm.

More detailed information and a confirmation of the introduction of a Mensa-to-go delivery service will be available soon on [www.stwno.de/mensa-to-go](http://www.stwno.de/mensa-to-go) as well as on the social media channels Facebook, Twitter and Instagram of the Studentenwerk. In the meantime, the Studentenwerk offers recipes from the Mensa for cooking at home: [www.stwno.de/rezepte](http://www.stwno.de/rezepte). This overview will be continuously updated and expanded.

Does the university gastronomy still offer temporary jobs for students?

The Studentenwerk currently offers students in Regensburg, Passau and Deggendorf the opportunity to earn extra money while studying.

The introduction of a canteen delivery service is planned as part of the "Mensa-to-go" brand. For the city areas of Regensburg, Passau and Deggendorf we are looking for student bike couriers with immediate effect. For further information please see the [job advertisement](http://www.stwno.de/corona).
