**Living & studying
with handicap**

**Complete single apartments, apartments
with bath and shared kitchen, shared flats**

Description of the accommodations

The Studentenwerk Niederbayern/Oberpfalz offers various housing options for students with disabilities, depending on the university location.

Complete single apartment - privacy for yourself

The fully furnished complete single apartments offer a private bathroom and kitchenette.

Shared flat for 2 tenants - each to his own, yet not alone

The shared flats for 2 tenants consist of two accommodations as well as a bathroom and a kitchenette, which are used by two tenants. This form of living is advantageous for students with handicaps who are dependent on assistance.

Accommodation in shared flat for 3 or more tenants

In the shared flats with three or more tenants, the students each occupy a living space and share the bathroom and kitchen with other residents. In some cases, common rooms are available.

Apartment with bath and shared kitchen for 9 tenants

The apartments have their own bathroom. The kitchen is shared with eight other residents (in German: *Teilapartment*).

Each accommodation has an internet and TV connection.

All rental prices quoted include a flat rate for operating costs.

For residential complexes without special equipment we look for individual, helpful solutions on a case-by-case basis. The departments of Student Housing and Social Counseling are at your disposal.

Further information on the individual residential complexes and the respective contact persons in the Student Housing and Social Counseling departments can be found on the websites:
